

Eamon Callahan [<mailto:secallahan@sbcglobal.net>]

Grew up in Manhattan and queens.

Attended a prep school and graduated with an electrical engineering major and nuclear engineering minor from Manhattan college.

Started my engineering career as a design engineer for Hazltine corp.

Became a principal engineer for Control Data corp and was assigned chief engineer for a sub sonic drone formation control program at the Naval Weapons Center, China Lake.

Received a Masters degree in Electrical Engineering at the Polytechnic Institute of NYU. Also took post graduate courses at MIT

Spent over 40 years as an aerospace executive including vice president positions at 4 defense organizations.

Worked for Loral corp, Booz Allen Hamilton and Merdan Group providing Information assurance and Cyber. Security support to SPAWARS and NSA. During that tenure held TS and SCI clearances.

Retired in 2016 and was selected to the Rancho Santa Fe board of directors.

Currently serving on the La Jolla Kiwanis board of directors.
