La Mesa CA 91942

Subject: Foxhill Guest House SDP Project Assessment Letter; Project No. 508125;
Internal Order No. 24006936; La Jolla

Dear Mr. Coston:

The Development Services Department has completed the fourth review of the project referenced above, and described as a Process Three, Tentative Map, Coastal Development Permit, and Site Development Permit to create two lots with the existing single dwelling unit to remain on a lot and a new lot with construction of a new 14,226 square-foot, two-story single dwelling unit with attached garage, pool house, and pool on a site containing environmentally sensitive lands. The 8.77-acre site is located at 7007 Country Club Drive in the RS-1-4 Zone, Coastal (Non-Appealable), Coastal Height Limit, and Parking Impact (Coastal) Overlay Zones within the La Jolla Community Plan area.

Enclosed is a Cycle Issues Report (Enclosure 1), which contains review comments from staff representing various disciplines. The purpose of this assessment letter is to summarize the significant project issues and identify a course of action for the processing of your project.

If any additional requirements should arise during the subsequent review of your project, we will identify the issue and the reason for the additional requirement. To resolve any outstanding issues, please provide the information that is requested in the Cycle Issues Report. The Development Services Department will generally formulate a formal recommendation for your project subsequent to completion of the following milestones: 1) After the City Council recognized Community Planning Group has provided a formal project recommendation; 2) After all City staff project-review comments have been adequately addressed; and 3) During the final stages of the environmental review process.

As your Development Project Manager, I will coordinate all correspondence, emails, phone calls, and meetings directly with the applicants assigned "Point of Contact." You have been designated as the Point of Contact for this project. Please notify me should the Point of Contact change while I am managing this project.

- I. **REQUIRED APPROVAL:** Your project as currently proposed requires the processing of a Process Three, Tentative Map for boundary line adjustment and Site Development Permit for the proposed development on the subject site containing Environmentally Sensitive Lands (ESL), and a Process Two, Coastal Development Permit for the subdivision and development within the coastal overlay zone. Consistent with the San Diego Municipal Code (SDMC) Section 112.0103, when an applicant applies for more than one permit, map, or other approval for a single development, the applications will be consolidated for processing and shall be reviewed by a single decision maker at the highest level of authority for that development. Therefore, the project as proposed would require a Process Three, Hearing Officer decision with appeal rights to the Planning Commission.
- II. **SIGNIFICANT PROJECT ISSUES:** As noted previously, the significant project issues are provided in the Cycle Issues Report. Resolution of these issues could affect your project. Please carefully review the City staff comments and respond accordingly.
- III. **STUDIES/REQUIRED REPORTS:** A number of documents have been identified as necessary to the project's review. Reference the attached Submittal Requirements Report (Enclosure 2).
- IV. **PROJECT ACCOUNT STATUS:** Our current accounting system does not provide for real-time information regarding account status and majority of the recent City staff charges have not been posted on the account. However, our latest data indicates you have approximately \$5,500.00 remaining in your deposit trust account.

During the processing of your project, you will continue to receive monthly statements with the break-down of staff charges to your account. The minimum balance required for a Coastal Development Permit application is \$8,000.00, <https://www.sandiego.gov/sites/default/files/dsdib503.pdf>. To avoid project delays due to insufficient account funds, please ensure that your deposit account maintains the minimum account balance at all times. **Please pay the invoice (Enclosure 4).**

For your convenience, deposits can be made anytime online through Open DSD, <http://www.sandiego.gov/development-services/opendsd/>, and by entering your project number in the "Project ID" field, <http://opendsd.sandiego.gov/web/approvals/>. Also, any invoices can be paid online by searching for the invoice number, <http://opendsd.sandiego.gov/web/invoices/> or in person at the Cashier, located on the 3rd Floor of the Development Services Center.

- V. **TIMELINE:** Upon your review of the attached Cycle Issues Report, you may wish to schedule a meeting with staff and your consultants prior to resubmitting the project. Please telephone me if you wish to schedule a meeting with staff. During the meeting, we will also focus on key milestones that must be met in order to facilitate the review of your proposal and to project a potential timeline for a hearing date. Your next review cycle should take approximately 20 days to complete.

Municipal Code Section 126.0114 requires that a development permit application be closed if the applicant fails to submit or resubmit requested materials, information, fees, or deposits within 90 calendar days, **by no later than November 23, 2020**. Once closed, the application, plans and other data submitted for review may be returned to the applicant or destroyed. To reapply, the applicant shall be required to submit a new development permit application with required submittal materials and shall be subject to all applicable fees and regulations in effect on the date the new application is deemed complete.

If you wish to continue processing this project, please note that delays in resubmitting projects and/or responding to City staff's inquiries negatively impact this Department's ability to effectively manage workload, which can lead to both higher processing costs and longer timelines for your project.

VI. RESUBMITTALS/NEXT STEPS: COVID-19 Update - To ensure the health, safety and well-being of customers and department staff, the Development Services Department has implemented operational service changes that will be in effect until further notice. Please visit our webpage for latest updates, <https://www.sandiego.gov/development-services/covid-19-public-notice>.

Please be prepared to provide the following:

A. Plans and Reports: Provide the number of sets of plans and reports as shown on the attached Submittal Requirements Report. The plans should be folded to an approximate 8 ½ x 11-inch size.

B. Response to Cycle Issues Report: Prepare a cover letter that specifically describes how you have addressed each of the issues identified in the Cycle Issues Report and any issues identified in this cover letter, if applicable. Or, you may choose to simply submit the Cycle Issues Report, identifying within the margins how you have addressed the issue. If the issue is addressed on one or more sheets of the plans or the reports, please reference the plan, sheet number, report or page number as appropriate. If it is not feasible to address a particular issue, please indicate the reason. Include a copy of this Assessment Letter, Cycle Issues Report and your response letter if applicable, with each set of plans.

C. Deposit Account: Please pay enclosed invoice prior to your project re-submittal. The re-submittal cannot be distributed to City staff when an invoice is outstanding.

VII. COMMUNITY PLANNING GROUP: Staff provides the decision maker with the recommendation from your locally recognized community planning group. If you have not already done so, please contact Diane Kane, Chairperson of the La Jolla Community Planning Association at (858) 459-9490 or email info@lajollacpa.org, to schedule your project for a recommendation from the group. If you have already obtained a recommendation from the community planning group, in your resubmittal, if applicable, please indicate how your project incorporates any input suggested to you by the community planning group.

Information Bulletin 620, "Coordination of Project Management with Community Planning Committees" (available at <http://www.sandiego.gov/development-services>), provides some valuable information about the advisory role the Community Planning Group. Council Policy

Page 4
Kent Coston
August 21, 2020

600-24 provides standard operating procedures and responsibilities of recognized Community Planning Committees and is available at <http://www.sandiego.gov/city-clerk/officialdocs/index.shtml>.

VIII. STAFF REVIEW TEAM: Should you require clarification about specific comments from the staff reviewing team, please contact me, or feel free to contact the reviewer directly. The names and telephone numbers of each reviewer can be found on the enclosed Cycle Issues Report.

IX. PROJECT ISSUE RESOLUTION CONFERENCE: Project Issue Resolution (PIR) conferences provide customers an opportunity to have issues heard and considered by executive department management. A PIR will be considered if, after the issuance of the third Assessment Letter for discretionary projects, customers and staff have been unable to resolve project issues. The PIR would address issues such as disagreements between the applicant and staff on interpretations of codes or ordinances, requests for additional information or studies, or project-related processing requirements. Any determinations from a PIR are not binding on any City decision-making body, such as City Council, Planning Commission, or Hearing Officer. Qualifying PIR requests should be coordinated with your Development Project Manager.

In conclusion, please note that information forms and bulletins, project submittal requirements, and the Land Development Code may be accessed on line at <http://www.sandiego.gov/development-services>. Many land use plans for the various communities throughout the City of San Diego are now available on line at <http://www.sandiego.gov/planning/community/profiles/index.shtml>.

Open DSD: To view project details online, visit: <http://www.sandiego.gov/development-services/opendsd/>.

For modifications to the project scope, submittal requirements or questions regarding any of the above, please contact me prior to resubmittal. I may be reached by telephone at (619) 446-5356 or via e-mail at TPDaly@sandiego.gov.

Sincerely,

Tim Daly
Development Project Manager

Extended Initial Study

<u>Issue</u>		
<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	1	EAS has determined that additional information is needed for Biological Resources, Geologic Resources, Land Use, Water Quality/Hydrology, Brush Management, Archaeology, Visual Quality, and GHG. (From Cycle 2)

Biological Resources

<u>Issue</u>		
<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
<input checked="" type="checkbox"/>	4	The project is located within native habitat and has the potential to impact sensitive biological resources. Therefore, the preparation of biological technical report (BTR), prepared in accordance with the City's Biological Guidelines, would be required. The biological report should include the following: Location Map (800 Engineering scale) w/survey boundaries (Elevations/topography, north direction, and scale), Vegetation Map overlain by the development proposal Vegetation map (with ESL delineated) showing habitat, area of impact with habitat and plant species. (From Cycle 2)
<input checked="" type="checkbox"/>	5	The graphics should also depict the MHPA boundaries along with the limits of grading and limits of disturbance. Please demonstrate if there are additional seasonal/preconstruction surveys required for spring/breeding/wet conditions? The BTR should identify all potential direct and indirect impacts to biological resources (include all on- and off-site utility connections, staging areas, brush management zones, and access/staging areas. (From Cycle 2)
<input checked="" type="checkbox"/>	6	The report should also quantify all impact areas by Tier and should state recommendations to mitigate any potential significant impacts to biological resources. Please identify if the project could impact sensitive avian species. Are any permits or legal compliance required (City, State, and/or Federal)? (From Cycle 2)
<input checked="" type="checkbox"/>	7	More information can be found here: https://www.sandiego.gov/sites/default/files/legacy/development-services/pdf/industry/landdevmanual/lidmbio.pdf (From Cycle 2)

Geologic Conditions

<u>Issue</u>		
<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
<input checked="" type="checkbox"/>	8	Report of Preliminary Geotechnical and Geologic Investigation, Foxhill Estate Guesthouse, 7007 Country Club Drive, La Jolla, CA (From Cycle 2)
<input checked="" type="checkbox"/>	9	The proposed project site is mapped with geologic hazard categories 22 and 26. Hazard category 22 is characterized by landslides, possible or conjectural. Hazard category 26 is characterized by slide-prone formation; arduous; unfavorable geologic structure. (From Cycle 2)
<input checked="" type="checkbox"/>	10	EAS defers to LDR Geology on issues of geologic conditions. (From Cycle 2)

Water Quality

<u>Issue</u>		
<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	11	EAS defers to LDR-Engineering on issues of water quality. LDR-Engineering is requesting a Preliminary Drainage Study and a Storm Water Quality Management Plan (SWQMP). Please refer to their comments for more information. Until the requested information EAS cannot make its determination. (From Cycle 2)

Land Use

<u>Issue</u>		
<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
<input checked="" type="checkbox"/>	12	EAS defers to Planning Review on General Plan, community plan, and Land Development Code issues. Per the City's Significance Determination Thresholds, an inconsistency with a land use plan is not in and of itself a significant impact; the inconsistency would have to result in a secondary physical impact. (From Cycle 2)

<u>Issue</u>	<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
	<input checked="" type="checkbox"/>	14	EAS will coordinate with Planning Review staff. (From Cycle 2)

Brush Management

<u>Issue</u>	<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
	<input checked="" type="checkbox"/>	23	The proposed development is in the Brush Management 100' Setback, Fire Brush Zone 300' Buffer and Very High Fire Hazard Severity Zone. According to the San Diego Municipal Code Section 142.0412 "Brush management is required in all base zones on publicly or privately owned premises that are within 100 feet of a structure and contain native or naturalized vegetation." The project would have to comply with all brush management regulations. (From Cycle 2)
	<input checked="" type="checkbox"/>	24	EAS defers to LDR-Landscaping on issues of brush management. Please refer to their comments for further information. (From Cycle 2)

Visual Quality

<u>Issue</u>	<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
	<input checked="" type="checkbox"/>	25	A significant impact is identified for projects that include crib, retaining or noise walls greater than six feet in height and 50 feet in length with minimal landscape screening or berming where the walls would be visible to the public. According to the submitted development summary the proposed project has a retaining wall at a total length of 93 feet and 7 feet-6 inches in height. (From Cycle 2)
	<input checked="" type="checkbox"/>	26	Please provide an Elevation Plan of the proposed retaining walls and include a depiction of any landscape that would screen the walls. (From Cycle 2)
	<input checked="" type="checkbox"/>	27	EAS will coordinate with Planning staff to determine if the proposed development would create a significant visual quality impact and if any changes in the project design would mitigate potential impacts to a level below significance. (From Cycle 2)

GHG

<u>Issue</u>	<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
	<input checked="" type="checkbox"/>	28	On July 12, 2016, the City of San Diego adopted the Climate Action Plan (CAP) Consistency Checklist, which requires all projects subject to discretionary review to demonstrate consistency with the Climate Action Plan. Please review and complete the CAP Consistency Checklist and demonstrate how this project will implement the requirements within the project plans. A copy of the CAP Consistency Checklist can be found at the following link: https://www.sandiego.gov/sites/default/files/city_of_san_diego_cap_checklist_071316.pdf (From Cycle 2)
	<input checked="" type="checkbox"/>	29	The following information provides guidance to assist with completing the CAP Consistency Checklist: (From Cycle 2)
	<input checked="" type="checkbox"/>	30	1. Step 1: Please confirm whether your proposed project is consistent with the General Plan, Community Plan, and zoning designations. (From Cycle 2)
	<input checked="" type="checkbox"/>	31	1. Step 1: Please confirm whether your proposed project is consistent with the General Plan, Community Plan, and zoning designations. (From Cycle 2)
	<input checked="" type="checkbox"/>	32	b. Please provide an explanation for answers that are not applicable. It is important that the checklist not be naked (only checked boxes). A narrative is required. There are footnotes and/or notes to help determine if a project would meet the requirements for a "not applicable" response. (From Cycle 2)
	<input checked="" type="checkbox"/>	33	3. Step 2: CAP Strategies Consistency, Strategy 3: Please depict any proposed electrical vehicle charging, bicycle parking spaces, designated parking spaces, and transportation demand management program features on the site plan. Please note in your response to comments where these features are located on the site plan. (From Cycle 2)
	<input checked="" type="checkbox"/>	34	4. Step 2: CAP Strategies Consistency: Please note that any question answered with a "no" would mean that your project has a significant unmitigated impact and would require the preparation of an environmental impact report. (From Cycle 2)
	<input checked="" type="checkbox"/>	35	5. Please only include information that is specifically requested in the CAP Consistency Checklist. Items that are required by code, such as "water conserving native & pest resistant plants in Landscape design where feasible" do not need to be included in this explanation. (From Cycle 2)
	<input checked="" type="checkbox"/>	36	6. The CAP Consistency Checklist, as well as the explanation, will become part of the project's Exhibit A. (From Cycle 2)
	<input checked="" type="checkbox"/>	37	Please contact the EAS analyst with any questions related to the checklist or if you'd like to view a sample of a completed checklist. (From Cycle 2)

Summary

<u>Issue</u>	<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
	<input type="checkbox"/>	38	As mentioned above the CEQA determination cannot be made until all issues have been addressed. Until the requested information has been provided staff is not able to complete the environmental review for the project and the environmental processing timeline will be held in abeyance. EAS will coordinate with the other reviewers as the review progresses regarding any additional potential environmental impacts. (From Cycle 2)

<input checked="" type="checkbox"/>	62	The submitted survey is dated 2017. Per the City's Land Development Manual biological surveys that are over 24-months shall be required to be updated to reflect the most current conditions affecting the project site. Please submit an update reflecting current conditions and reflecting impacts based upon current project. Please include mitigation planned or completed based upon the previous entitlement. (From Cycle 11)
<input type="checkbox"/>	63	Please update project description to reflect current project scope. (From Cycle 11)
<input type="checkbox"/>	64	Per the City's Land Development Manual please include a discussion of all relevant federal, state, and local laws. (From Cycle 11)
<input checked="" type="checkbox"/>	65	The figures included are difficult to interpret since they are in black and white. Please include color figures. Please also update all figures to clearly show biological resources as they are currently reflected on site. Also update all figures to reflect current project scope. (From Cycle 11)
<input type="checkbox"/>	66	The Sensitive Fauna section of your report the evaluation of the potential for sensitive fauna species to occur needs revisions. Please expand on your discussion of the Cooper's Hawk. Please clearly state the likelihood of whether the Cooper's Hawk would occur on it. (From Cycle 11)
<input type="checkbox"/>	67	In addition, Cooper's Hawk doesn't seem to be included in Appendix D of special-status wildlife. Please update Appendix D for Cooper's Hawk. (From Cycle 11)
<input type="checkbox"/>	68	The project impact analysis section needs revisions. Please provide a clear discussion of impacts based upon the City's CEQA Thresholds. Specifically, please include all Habitat Types in Table 3 and whether impacts would rise to a level of significance based on Thresholds. (From Cycle 11)
<input type="checkbox"/>	69	The Mitigation and Monitoring Requirements section needs revisions. As previously stated, the discussion of the presence of Cooper's Hawk needs to be expanded. Please clearly define if Cooper's Hawk is present or likely to occur. If mitigation is required for Cooper's Hawk please state it as so. (From Cycle 11)
<input checked="" type="checkbox"/>	70	Compliance with the MBTA is not a mitigation measure required by the City or CEQA unless sensitive species are present. Please remove MM-Bio-1 as a mitigation measure. Please include MBTA compliance language on the construction plans as a note instead. (From Cycle 11)
<input checked="" type="checkbox"/>	71	However, if Mitigation MM-Bio-1 is for Cooper's Hawk specifically clearly define it as so. (From Cycle 11)
<input checked="" type="checkbox"/>	72	If MM-Bio-2 is a general measure, it will not be required as a City mitigation measure. Construction fence will be required as a project feature to be included as a note on the construction plans/condition of approval. However, if MM-Bio-2 is related to the Cooper's Hawk please clearly define it as so. (From Cycle 11)

Geologic Conditions

<u>Cleared?</u>	<u>Issue Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	73	EAS defers to LDR Geology on issues of geologic conditions. There are outstanding Geology issues that need to be addressed before EAS can make its determination. Please refer to Geology staff's comments for more information. (From Cycle 11)

Water Quality

<u>Cleared?</u>	<u>Issue Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	102	Section 4.5.3 There is no discussion of Cooper's Hawk in this section. Nor is there mention of gnatcatcher. Present sensitive species should be discussed within this section. (New Issue)
<input type="checkbox"/>	103	Section 7.0 Impacts need to be definitive for all species. The earlier discussion of results can be used as proof for the definitive impacts statements (New Issue)
<input type="checkbox"/>	104	Section 7.2.2 Please make a clear conclusion on impacts to City defined wetlands. (New Issue)
<input type="checkbox"/>	105	Section 7.2.4 The presence of Cooper's Hawk requires mitigation to be provided whether or not the project is within the MHPA. Please see requirements of conditions of coverage within the City's MSCP and ASMDs. (New Issue)
<input type="checkbox"/>	106	Section 7.3 Indirect Impacts. Please add a discussion on whether sensitive species are present on site and if there would be any indirect impacts to these species. Please include mitigation as necessary for indirect impacts to listed species. (New Issue)

Water Quality

<u>Cleared?</u>	<u>Issue Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	107	EAS defers to LDR-Engineering on issues of water quality. There are outstanding Engineering issues that need to be addressed before EAS can make its determination. Please refer to Engineering staff's comments for more information. (New Issue)

Cultural Resources (Built Envi)

<u>Cleared?</u>	<u>Issue Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	108	SDMC Section 143.0212 directs City staff to determine whether a potentially significant historical resource exists on site before the issuance of a construction permit for any parcel in the City that contains a structure 45 years old or older. EAS defers to LDR-Plan Historic on historical resource determination. (New Issue)
<input type="checkbox"/>	109	The proposed project site previously underwent historic review (PTS 376268) in June 2014. (New Issue)
<input type="checkbox"/>	110	As this determination is more than 5 years old the proposed project requires a new Plan Historic Review. (New Issue)

GHG

<u>Cleared?</u>	<u>Issue Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	111	On July 12, 2016, the City of San Diego adopted the Climate Action Plan (CAP) Consistency Checklist, which requires all projects subject to discretionary review to demonstrate consistency with the Climate Action Plan. (New Issue)
<input type="checkbox"/>	112	The CAP is a plan for the reduction of GHG emissions in accordance with CEQA Guidelines Section 15183.5. Pursuant to CEQA Guidelines Sections 15604 (h) (3), 15130 (d), and 15183 (b), a project's incremental contribution to a cumulative GHG emissions effect may be determined not to be cumulatively considerable if it complies with the requirements of the CAP. (New Issue)
<input type="checkbox"/>	113	Projects that are consistent with the CAP as determined through the use of this Checklist may rely on the CAP for the cumulative impacts of GHG emissions. EAS has reviewed the submitted CAP Checklist and finds it satisfies the requirements of the CAP. No further comment is necessary. (New Issue)

Summary

<u>Cleared?</u>	<u>Issue Num</u>	<u>Issue Text</u>
<input type="checkbox"/>	114	As mentioned above the CEQA determination cannot be made until all issues have been addressed. Until the requested information has been provided staff is not able to complete the environmental review for the project and the environmental processing timeline will be held in abeyance. EAS will coordinate with the other reviewers as the review progresses regarding any additional potential environmental impacts. (New Issue)
<input type="checkbox"/>	115	Please be aware that the environmental review may change in response to any project changes and/or new information. Additionally, the new information may lead to the requirement of new and/or technical studies. A determination as to the appropriate environmental document will be made based on all reviewed and submitted information. (New Issue)

1st Review

Cleared?	Issue	Issue Text
Cleared?	Num	Issue Text
<input checked="" type="checkbox"/>	6	Please verify if site is proposing work on steep hillside. If so, SDMC section 143.0142(f) states: Any increase in runoff resulting from the development of the site shall be directed away from any steep hillside areas and either into an existing or newly improved public storm drain system or onto a street developed with a gutter system or public right-of-way designated to carry surface drainage run-off.
<input checked="" type="checkbox"/>	7	(From Cycle 2) Revise the Site Plan. Show and call out the location of the roof drains and deck drains and how they are discharged. If no roof, deck or balcony drains are proposed, add a note stating: NO ROOF, DECK OR BALCONY DRAINS ARE PROPOSED FOR THIS PROJECT.
<input checked="" type="checkbox"/>	8	(From Cycle 2) Submit a Preliminary Drainage Study which addresses the existing and proposed storm water run-off and discharge locations for the project site. If impacts are anticipated, state the measures that must be taken to mitigate such impacts.
<input checked="" type="checkbox"/>	9	(From Cycle 2) Add a discussion to the Drainage Study stating if the proposed project is required to obtain approval from the Regional Water Quality Control Board Under Federal Clean Water Act (CWA) section 401 or 404. A complete explanation must be provided. Please note, if the proposed project is subject to regulations as set forth in CWA 401/404, approval from the California Regional Water Quality Control Board must be obtained prior to permit issuance.
<input checked="" type="checkbox"/>	31	(From Cycle 2) If any offsite grading or improvements are proposed a Letter of Permission from the affected property owner will be required.
<input checked="" type="checkbox"/>	32	(From Cycle 2) Additional comments may be recommended pending further review of any redesign of this project. These comments are not exclusive. Should you have any questions or comments, please call Jeff Tamares at 619 446-5119.

(From Cycle 2)

<input checked="" type="checkbox"/>	36	Form I-3B , Page 5 -- Provide general description for proposed condition and refer details to Attachment 5 , Drainage Study (which is missing) . Remove table. (From Cycle 5)
<input checked="" type="checkbox"/>	38	DMA exhibit must clearly show boundaries for each DMA , surface type and identify the BMP that drain to. (From Cycle 5)
<input checked="" type="checkbox"/>	39	Include DCV calculations based on worksheet B.2-1 . (From Cycle 5)
<input checked="" type="checkbox"/>	40	Infiltration catagory and infiltration rate must be determined based on criteria of Appendix C and D. LDR-Geology must review and approve determination for compliance . Please provide them a copy of Geotec report for review. (From Cycle 5)
<input checked="" type="checkbox"/>	41	Provide C value calculation based on Table B.1-1. (From Cycle 5)
<input checked="" type="checkbox"/>	42	Please use City of San Diego Work sheet B.5-1 for sizing bio retention basin. (From Cycle 5)
<input checked="" type="checkbox"/>	43	Preliminary hydrology /Drainage Study was neither received nor included in SWQMP . Please provide one. (From Cycle 5)

1st Review -- 09/17/19

<u>Cleared?</u>	<u>Issue</u>	<u>Issue Text</u>
<u>Cleared?</u>	<u>Num</u>	<u>Issue Text</u>
<input checked="" type="checkbox"/>	44	All unchecked comments of previous review are standing and need to be addressed. (From Cycle 11)
<input checked="" type="checkbox"/>	45	Revise the plans to call out :
		Site Development Plan No. 1790091
		Tentative Plan No. 2330219
		Coastal Development Plan No. 2330222
		and remove the word "Minor " from title. (From Cycle 11)
<input checked="" type="checkbox"/>	46	State/show number of proposed lots for each type of development (residential, commercial, industrial, open space, etc). (From Cycle 11)
<input type="checkbox"/>	47	Revise the Legend. Change Property Line to Property Line/TM Boundary. List only those symbols that are shown on the plan view.
		(From Cycle 11)
<input type="checkbox"/>	48	Call out the width for the existing access driveway to parcel 1, is there an encroachment maintenance agreement (EMRA) in place ? If so, provide a copy for review, otherwise one will be required as a condition of approval. (From Cycle 11)
<input type="checkbox"/>	49	The owner and engineer need to sign the exhibit. (From Cycle 11)
<input type="checkbox"/>	50	Revise the TM Sheet C5.0. Show the street lights, nearest the project site, in both directions and on both sides of (** add the street names). Include the spacing between the street lights and the project site. If a street light is within the abutting project frontage, include the type of light standard, wattage and type of luminaire (low/high pressure sodium). A determination will be made if the project is in compliance with current street light standards according to the City of San Diego Street Design Manual and Council Policy 200-18. The applicant may be required to, but not be limited (From Cycle 11)
<input checked="" type="checkbox"/>	51	SWQMP -- Clearly show boundary of each DMA as previously requested in comment #38 and show total areas add up to project size in tabular summary , add a legend to exhibit and show surface type. . (From Cycle 11)
<input checked="" type="checkbox"/>	52	SWQMP -- Self mitigating areas must meet requirements of 5.2.1 . Show how DMA 4 s directly drains off site or to public drain system. (From Cycle 11)
<input checked="" type="checkbox"/>	53	SWQMP -- DMA #5 is subject to Storm water reqs since you are proposing concrete on the surface . Also keep in mind 50% Rule which may result BMP s for DMA# 6. (From Cycle 11)
<input checked="" type="checkbox"/>	54	Weighted C value for DMA#2 seems low. Please double check Imp./Per ratio and calcs. . (From Cycle 11)
<input checked="" type="checkbox"/>	55	A letter of permision is required from property owner on south side (Parcel 3 of PM 21506) for proposed concrete area and drain pipe and dichearge facilities as shown . Please provide a call out on Grading plan referring by date. (From Cycle 11)

<input type="checkbox"/>	9		A parcel or parcels of land are presumed to have been legally created if one or more of the following conditions apply. Please submit one of the following in order to determine the proper action required for this project (Tentative Map or Lot line adjustment) applicant correspondence is added for this item. 1. The parcel was shown on a recorded subdivision map. 2. The parcel was an approved remainder parcel of a recorded subdivision map. 3. The parcel was shown on a Division Plat. 4. The parcel was shown on a Record of Survey that was approved by the City Council prior to March 4, 1972. (New Issue)
<input type="checkbox"/>	10		5. The parcel was conveyed by a deed and held separately as a conforming parcel prior to March 4, 1972. Non-conforming parcels conveyed between adjoining owners do not create a new parcel and should be considered a lot line adjustment. 6. The parcel was patented by the United States Government. All of the land described in the patent is considered one parcel, no matter how many aliquot parts are included in the patent. Sectionalization is a descriptive form to convey land and does not constitute a subdivision of land. (New Issue)
<input type="checkbox"/>	11		7. The parcel was approved by the City as part of a Lot Line Adjustment between adjoining owners. 8. The parcel was created pursuant to a Court Order in Partition. 9. The parcel was created as a conveyance to or from a government entity or public utility. 10. The parcel was issued a qualifying development permit and the owner relied on the permit by commencing construction per SMA 66499.35(c) (New Issue)
<input type="checkbox"/>	12		Under General Notes, Please revise Parcel A&B to be called Parcel 1 &2. (New Issue)
<input type="checkbox"/>	13		Add Site Development Permit to the requested approvals on Exhibit C-1. (New Issue)
<input type="checkbox"/>	14		Easement #2 Please revise recording date to Feb 17th 1954. (New Issue)
<input type="checkbox"/>	15		Add to legend: " found survey monument, as noted" and include monument's symbol. (New Issue)
<input type="checkbox"/>	16		Please be advised a licensed land surveyor must sign and stamp the TM or lot line adjustment exhibit. (New Issue)
<input type="checkbox"/>	17		Please submit updated preliminary title report that is not older than 90 days at the time of resubmittal. (New Issue)
<input type="checkbox"/>	18		Please see redlines, and return copy with next submittal. (New Issue)
