If the changes are deemed substantial, then the Committee shall rehear the project and reconsider the original vote.

SPECIAL MEETINGS

The agenda for a special meeting shall be posted at least one (1) week prior to the meeting. An absence from any specially scheduled meetings shall not be counted toward attendance eligibility requirements for DPR membership.

VOTING

10. A minimum of five (5) voting members shall constitute a quorum. A majority vote is required for a motion to pass if a quorum is present. If a member abstains or recuses from voting, the reason shall be stated in the DPR Committee minutes. Proxy votes are not permitted.

Any committee member with a direct economic interest in any project that comes before the Committee must disclose the economic interest, and must recuse from voting and not participate in any manner as a voting member for that item on the agenda. In the event of a recusal, the individual must remove him or herself from the room. A member who is part of the presentation of the project is allowed to make the presentation and is allowed to remain during discussion of the project and during the vote.

MOTIONS

11. If a motion on the floor is voted on and fails, it is considered as a failed motion. New motions can be made and voted upon repeatedly until such time as the motion on the floor passes. If the DPR Committee is unable to pass any motion on a Project, it will be considered a non-vote. (Example: A motion is made that the findings can be made and fails. This is considered a nonvote. A new motion is made that the findings cannot be made and passes. This is considered a vote in opposition to the proposed Project.)

In the event that a vote states that the 'findings cannot be made', the reasons shall be precisely stated in the DPR Committee minutes. All recommendations for or against a proposed Project shall be forwarded to the Presidents of the LJCPA and LJTC.

MINUTES

12. The Chair of the DPR Committee shall provide the Presidents of the LJCPA and LJTC with monthly minutes of the Projects heard and actions taken within the past month, or since the last agenda was submitted. For each Committee meeting, a report of member attendance and a copy of approved minutes shall be prepared and available for public inspection. The minutes of each committee meeting shall include the votes taken on each action item and reflect the names for and against when the vote is not unanimous. Abstentions and recusals shall also be recorded. Minutes should record speakers and public testimony, and whether the project applicant appeared before the Committee. If an applicant did not appear then the meeting minutes must indicate the date and type of notification (e.g. electronic, telephonic, and facsimile) that was provided to the applicant requesting his or her appearance at the DPR meeting.
