Permits: CDP Amendment and SDP  
Project No.: 668003 DPM: Xavier del Valle  
Zone: RM-1-1 Applicant: Marengo/Fortune  
Project Info: <https://opensd.sandiego.gov/Web/Projects/Details/668003>

LA JOLLA (PROCESS 3) Amendment to CDP No. 1353913 and SDP to remodel of an existing one-story, 2,638-sf single family residence and construct a 1,846-sf second-story addition with roof deck for a total of 3,867-sf at 6715 Neptune Place. The 0.133 acre site is in the RM-4-10 and RM-1-1 Zones, the Coastal

(Appealable) OZ, Coastal Ht. Limit, 1st Public Roadway, Parking Impact, Residential Tandem Parking, Transportation Priority Area within the La Jolla Community Plan Area, and CD 1

10/20/2020 Applicant Presentation

- Aerial view identifying project, lot passes through block, two front yard setbacks
- Previous variance to allow 5 carports/garages at rear will remain with no changes
- FF 2025sf, SF 2009sf = 4034sf FAR .69 where .75 allowed
- RM-4-10 exists at rear of property where garages are
- Meet or exceed setbacks, conform to height requirements
- Materials pallet description (image missing)
- Difference from previous CDP was a basement no longer included.
- New 3 story building to the North, Single story to the South

10/20/2020 Public Comment

- none

10/20/2020 Committee Deliberation

- Blackmond – What is height compared to building to North? (Applicant: proposed is 27', Neighbor is 30' plus grade change.
- Jackson – Existing house seems to be a party house (Applicant: owners will be moving back into this house)
- Kane – Is this an existing CDP being amended? When? (Applicant: 5 or 6 years ago, it was vested and then extended for 3 additional years.) What was done to vest? (Applicant: will bring next time) What was required for garage variance (Applicant: predates Coastal, stays for life of building) Address with respect to rear access. (Will retain Neptune address) Who was CDP issued to (current owner)

10/20/2020 Deliver for next time

- Materials photos
- What was vesting action
- Share permit for variance
- Street montage along Neptune

**ITEM 2: FINAL REVIEW 11/10/2020**

Project Name: Teel Residence  
Permits: CDP  
Project No.: 669815 DPM: Denise Vo  
Zone: RM-1-1 Applicant: Marengo/Fortune  
Project Info: <https://opensd.sandiego.gov/Web/Projects/Details/669815>

LA JOLLA (Process 2) Coastal Development Permit to convert an existing 263 sf room over a 449 sf detached garage into a Companion Unit at 416 Nautilus St. The project includes adding 104 sf for a Companion Unit totaling 367 sf. The 0.072-acre site contains 2 detached residences on a single lot at 414 and 416 Nautilus Street. The site is in the RM-1-1 Zone, the Coastal (Non-App.-2) Overlay Zone, the Geo Hazard Zone 53, and the Transit Priority area within the La Jolla CPA, and CD 1.

10/20/2020 Applicant Presentation

- Companion unit over garage, under construction now with building permit for back area, tore down garage and building new garage to setbacks and then new companion unit above with roof deck above, kitchen and bathroom not included in construction permit, so that's where the CDP comes in to make it an ADU.
- New garage will widen all the way to 3' setback, maintaining 0' setback on West side of garage, second floor will setback from PLs.

- Roofdeck setback from alley
- Materials pallet and style to match existing house in front
- Shared copy of current construction permit
- Referenced a city letter that garage demo and current construction is allowed
- Garage is separate independent structure and conforms to requirements where accessory structure may encroach into setbacks.
- Today we are asking for companion unit conversion within permitted structure.

#### 10/20/2020 Public Comment

- Merten – oppose project
  - Need a CDP to demo or build a structure in coastal zone
  - Project plans show 3 of 4 walls demolished, 4<sup>th</sup> wall along PL was demolished only. Project did not maintain 50% of exterior walls.
  - First floor is Accessory use, but upper level is a dwelling unit and should not extend to rear PL.
  - Building permit issued without CDP is non-conformity to LDC.
  - RM-1-1 zone density is 1 unit per 3,000sf. Only one dwelling unit allowed plus 1 ADU, but project already has 2 units. 3<sup>rd</sup> unit should not be allowed.
  - Noticing is problematic, “expansion of existing room over existing garage” but the existing room and existing garage are not finished yet.
  - New West exterior wall is 1-hr construction, showing 7/8” stucco on zero lot line may not be possible.
  - Request verification of number of bedrooms in 414 Nautilus, if more than 1 bedroom, then parking is not adequate for existing structures.
- Wright (by Merten) – Public safety concerns with new structure on PL and difficulty making in 1-hr rated and too close to his building, would like it setback 3’. Concerned by loss of privacy due to roof deck just 3’ away.
- Wright – Light and air access diminished, Fire burden unfair on me.

#### 10/20/2020 Committee Deliberation

- Leira – How many units on site? (Applicant: 2) Concerned about fire rating at 0’ lot line. Concerned about privacy issues, please show sections through terrace and surrounding properties (Applicant: 2 one bedrooms 800sf and 247sf, new unit will be companion unit, and legal as existing 2 are legal. Will have to use a blaze guard or drive-it tilt-up solution if cannot have permission from neighbor. Parking is tight in neighborhood and maximizing garage to increase onsite parking. Owners met with Wrights to share plans, Mr Wright said he would build to block view, so now building second floor to protect future views, Will provide drone images, owners will be focused West not East)
- Jackson – Neighbors duking it out. Some of Merten issues are process issues, some are substantive issues, if Merten returns please divide issues into two categories, new unit over garage seem to face similarly high building and driveway, is there really a privacy concern, what are the views, drone? (Applicant: Unattached accessory structures do not required CDPs for demo and construction and may encroach into setbacks)
- Kane – Encroachment by garage? Number of units on property and parking requirement? Is ADU allowed? (Applicant: garage is allowed to encroach and has been there previously, applicant will find another solution for 1-hr rating)
- Costello – Alley width? (Applicant: 20’)
- Fremdling – Also concerned about garage going PL to PL. How get trash to alley? (3’ open on one side)
- Leira –
  - Site plan, different colors for different buildings and when built? When orig garage built?
  - Clarify what happens with accessory structure in setbacks and then habitable above.
  - 20’ alley some areas require additional setback, Can a car access this?

#### 10/20/2020 Deliverables for next

- show sections through terrace and surrounding properties, drone images
- Site plan, different colors for different buildings and when built? When orig garage built?

- Clarify what happens with accessory structure in setbacks and then habitable above.
- 20' alley some areas require additional setback, Can a car access this?

### ITEM 3: FINAL REVIEW 11/10/2020

Project Name: 305 Bonair  
Permits: CDP/NDP  
Project No.: 653750 DPM: Xavier del Valle  
Zone: RM-3-7 Applicant: Krencik  
Project Info: <https://opensd.sandiego.gov/Web/Projects/Details/653750>

LA JOLLA (Process 2) - Coastal Development Permit and Neighborhood Development Permit to construct a new 535 square-foot detached dwelling unit on a lot with an existing 2,100 square-foot, two-story apartment building at 305 Bonair St. The 0.10-acre site is in the RM-3-7 Zone and the Coastal (Non-Appealable) Overlay Zone within the La Jolla Community Plan area, and Council District 1. Permits required per to Code Case CE-0500245.

#### 10/20/2020 Applicant Presentation

- Owner Branca (owner in attendance), Hyytinen land use counsel
- Hyytinen: Subject to code enforcement case, work undertaken without permit for 4 back units and detached unit in front, Front unit is subject of CDP/NDP. TI work in back units, all work in back four units is complete and approved. Front unit was demoed and required CDP
- Historic review was required, report submitted and structured were determined non-historic.
- Krencik: Enlargement of previously conforming structure in front yard setback
  - Allowed 5 units on property, 4 in back, 1 in front
  - Front unit, accidentally demolished/collapsed, rebuild and make larger at 535sf
  - Stucco with vinyl clad windows, removed pitched roof, now flat roof,
  - Max FAR 1.8, proposed is .59
  - Existing structure was at 7' front setback would like to keep.

#### 10/20/2020 Public Comment

- text

#### 10/20/2020 Committee Deliberation

- Jackson: Looks largely constructed (applicant: it's all there)
- Will: FAR? How maintain previously conforming? (applicant: city will allow through NDP, more akin to a Deviation, need an NDP to retain previously conforming?)
- Leira: request greater clarity on how to achieve reduced setback. Front yard setback is sacred.
- Jackson: Structure does stick out.
- Blackmond: Weird looking front building, street view would help, it's odd.
- Kane: How was former front building previously conforming? (applicant: built in 1973, permitted at that time.)
- Costello: Follows Diane, please get coherent description of problem and request for deviation or variance to allow encroachment into front setback.
- Kane: What would prevent applicant from moving it back?

#### 10/20/2020 Deliver for next time

- Look several houses in either direction, please provide neighboring setbacks, or satellite view
- Street view
- coherent description of problem and request for deviation or variance to allow encroachment into front setback.
- Consider moving building back

- Landscape plan and compare with aerial photograph 100' in either direction
- What is public benefit that you can give back in exchange for the reduced setback ... maybe increased landscape?
