RE: Objections to build Windansea Belvedere

To Whom It May Concern:

I live in the Village, and on my morning walks/runs I often see the homeless people waking up in the Gazebos along the Cove. Over the years, I've been involved in numerous projects to help the homeless, and I know how wide spread of a problem this has become. If the Belvedere was to be built at Windansea Beach, it will for sure create a shelter for the homeless, and I don't believe that this is how we should solve the homelessness issues in our community.

The Belvederes along the Cove/Ellen Browning Scripps Park, are located further from any residences or structures, but the one on Neptune Place will be literally across the street from homes.

I would like to encourage all those, who support this project to walk along the existing Belvederes early in the morning or late evenings. Why would anyone wanted to create public nuisance problem?? The resources and funds of the police department should be utilized for other, more urgent matters, as I'm certain their phone lines will be ringing with constant reports of disturbance of peace.

It will attract criminal behavior and criminal activity, affecting the safety of the residents and visitors.

I love the idea of bringing back some of the history, but our lifestyles have changed. They didn't have the substance abuse in 1920s, like we have now. Our population, the numbers of visitors and number of cars have tremendously increased since 1920s as well.

The erosion factor is also one not to be ignored, and common sense is that any pounding, drilling, or earth movement to install the Belveder/Gazebo, will compromise the integrity of already very sensitive bluff.

I strongly oppose the construction of Windansea Belvedere. I love my walks along the Windansea Beach, and I hope we can preserve it the way it is, so all of us, our visitors and future generations ca enjoy this true jewel.

I hope all those supporting this project, will reconsider, and spend the funds allocated towards Belvedere on much more needed projects, that will enhance everyone's lives, instead of creating hindrance and dividing our community.

Thank you for your consideration and for all of your time to make our community a better place.

Sincerely,

Jana Farella
