To: La Jolla Community Planning Association <info@lajollacpa.org>

To whom it may concern:

I am writing to you today to express my opposition to the Belvedere gazebo project. There are numerous reasons why this structure should not be built in this location. The beach and bluff have been eroding for some time and continue to do so. This structure will require a lot of maintenance and cost to our community. With our roads and other infrastructure in bad need of repairs, our small businesses suffering from the pandemic as well as many other problems we are facing it is hard to believe we would put money towards this at this moment. It will only attract homeless people, drug dealers and teenagers partying. Not to mention parking issues and bringing more people to Windansea beach which is already overcrowded. Seems to me that this is not the time or the place to invest precious community funds in such a project. We hope that you will reconsider going forward with the building of this gazebo. Thank you.

Sincerely,

Ken and Nathalie Riis
