

Windansea gazebo

To: La Jolla Community Planning Association <info@lajollacpa.org>

I walked the cove yesterday and the placement of those gazebos are nowhere similar to the placement of the gazebo that is being planned to be built. The cove gazebos are much further away and not near any single family homes. Windansea also attracts many young kids that walk the streets and the beach late in the evenings. This structure will become a hang out spot for those drinking at the beach, doing drugs and encouraging homeless to sleep there. I am definitely against the construction of the Windansea gazebo. Also I do not feel proper notification was given for the construction of this project. I only found out about it a couple of weeks ago when I received a notification in the mail. So how has this already somehow been passed by our planning commission? Shame on you La Jolla planning commission for not letting all of the residents in the area be properly informed about construction of this structure.

Sincerely,
Denise Scully
