Issues			
Issue Num	Issue Text	Cleared	Cleared Date
1	REFERENCES (information only): Development Plans for LJ Rancho, 1540 La Jolla Rancho Rd La Jolla, CA 92037 prepared by CLAD Inc., dated October 29, 2021; Civil Sheet prepared by SB&O INC., date plotted January 28, 2021 (New Issue)	Yes	12/10/2021
2	REVIEW COMMENTS: It appears an LDR-Geology review of a geotechnical report for the proposed development is not required pursuant to the City's Information Bulletin 515 and table 515A. LDR-Geology has no further comments at this time. (New Issue)	Yes	12/10/2021
3	Please note, Storm Water Requirements for the proposed conceptual development will be evaluated by LDR-Engineering review. Priority Development Projects may require an investigation of storm water infiltration feasibility in accordance with the current Storm Water Standards. Check with your LDR-Engineering reviewer for requirements. LDR-Engineering may determine that LDR-Geology review of a storm water infiltration evaluation is required. (New Issue)	Yes	12/10/2021
