

I moved to La Jolla 13 years ago from St. Louis, MO. My background is business, as I worked 26 years at Anheuser-Busch, and currently 10 in the financial services industry.

I have previously served 9 years as an LJCPA trustee, and I would like to serve for one more term. I truly enjoy serving the community in this manner, and feel that my experience would add value to the organization.

My philosophy is that the LJCPA should continue to strictly adhere to the rules set forth in the La Jolla Community Plan. I would be honored to work with the other members of this organization to continue this work for another term.
