## Non-Agenda Public Comment

- **Unidentified Audience Member:** LJCPA Annual meeting must be held in the next 30 days to stay in compliance.
- **Councilman LaCava** - provided an update on Point La Jolla closure. As per the California Coastal Commission (CCC) direction, the City filed for a full [non-emergency] CDP which is now in place for several years and closes Point La Jolla during seal pupping season May 1 - Oct 1, for public safety reasons. Boomers Beach access will remain open for access to the water only. Another component of the CDP required the City to develop a Long Term Management Plan. The City has filed the final version of the Plan, CCC has not yet signed off on the Plan yet but are close, conclusion of the plan is to close Point La Jolla all year round because the City does not have the resources to keep the public out of harm's way. Boomers Beach will remain open for access to the water for swimmers. Plan could be implemented as early as October 2023. Amended CDP still needs to be filed with CCC. Councilman LaCava directed people to the City Website to view the Point La Jolla Long Term Management Plan [Final Long Term Management Plan - Point La Jolla](#). Respraying of the La Jolla Point bluff will take place again soon to alleviate the stench.
