Non-Agenda Public Comment

(Items not on the agenda. 2 minutes or less. No votes or action)

Phil Merten: Concerned that members of the La Jolla Project Review Committees are not following their responsibilities as required by the LJCPA ByLaws. Specifically Article II Corporate Purposes & General Provisions, Section 2. Project Review *“the LJCPA shall focus such review on conformance with the Land Development Code (Chapters 11, 12, 13 & 14 of the Municipal Code), the adopted Community Plan and/or General Plan”*. The LJCPA reviews discretionary permit applications such as CDP & SDP’s, the SDMC requires decision makers to make certain findings. The required findings are that a project must be conforming with the La Jolla Community Plan and Local Coastal Program and comply with San Diego Municipal Code. Motions are made by the review committees that findings can be made for a project when those motions are approved by a majority of committee members without explaining the findings that are being approved. Without an explanation are we to assume the findings are those required by the municipal code? There are committee recommendations for projects before you tonight that say findings can be made when the project neither conforms with the community plan nor complies with the SDMC. In conclusion I urge the Planning Association Trustees, Committee Chairpersons and all review committee members to become familiar with the land development code and the La Jolla Community Plan so that committee review, motions made and committee recommendations are in accordance with the project review provisions of the LJCPA ByLaws and are consistent with City CP 600-24.

Sheri Lightner: Echoed much of Mr. Merten comments above. Encouraged trustees and committee members to become familiar with LJCPA Bylaws and CP 600-24. City Indemnification requires that the group be officially recognised by the city. Suggested training for trustees and committee members and to abide by the Brown Act. DPR & PDO committees violate the LJCPA Bylaws. Expectations of the public are for consistent, inclusive and transparent behavior of the trustees and committees.

Local Project Reviews (Limit to 4 Projects, Action as noted)

6. Adelante Townhomes (1073585, Wynn)

pulled from January 5 consent agenda

Coastal Development Permit and Tentative Map for the demolition of an existing office building, subdivision of one lot into 13 condominium units, and construction of one new two-story multi-family residential building with a basement level, covered parking, and roof decks totaling 21,485 square feet located at 5575 La Jolla Boulevard. The 0.30-acre site is in the La Jolla Planned District-4 Zone (LJPD-4) and Coastal Overlay Zone (Non-Appealable 2) within the La Jolla Community Plan area.

DPR 12/20/22: **permits be granted** 5-1-1
 PDO 1/9/23: **Supports Project** (notes non-conforming to PDO) 6-1-0
 LJCPA 2/2/23: Findings **CAN** be made 9-2-1
 LJCPA 3/2/23: **Rescinds** approval 10-0-1
 PDO 3/13/23: **project denied** (non-conforming to PDO) be made, 6-0-1
 DPR 4/11/23: findings **CAN** be made, 3-2-0

Applicant Russ Murfey [Murfey Company]: Presented Adelante Townhome Project. Project is unchanged, shared responses to City comments. Summarized previous committee reviews and decisions, incentives and waivers. Number one item is density bonus State Law allows use of incentives and waivers to eliminate certain items of the PDO, in particular Retail {space}. Murfey Company emailed the Director of San Diego Housing Commission who confirmed their density bonus assumptions and valuations are correct. Project meets SDMC. This project is a "For Sale" project and the City is aware. Described unit sizes. There are 8 one bedrooms out of 13. Affordable unit is applied to the majority (one bedrooms) therefore will be a one bedroom unit.

Public Comments were provided in support of the project to alleviate the housing crisis and more residents to support the existing retail.

Phil Merten: Two requirements, the project must comply with the SDMC and the La Jolla Community Plan. Site is in the middle of the commercial area of Bird Rock; the La Community Plan states this area is for commercial mixed use. There is no commercial use in this project. This project is not in accordance with the La Jolla Community Plan, the findings for CDP cannot be made on this issue alone. Encouraged trustees to uphold the community plan. The only way to change the zoning designation on this site is to do a plan update and get approval of the California Coastal Commission and then return to LJCPA for approval.

Sherri Lightner/Don Schmidt: Gave lengthy opposition to the proposed project summarized in this submitted memo [20230223 CPA Memo.pdf](#) Concluded this is not affordable housing. Millions of dollars spent on Bird Rock Traffic Plan and is a part of the City's Climate Action Plan.

Cragi Bender [Bird Rock Merchant Group]: Merchant district has experienced significant growth over the past year. Working on "Welcome to Bird Rock" signage. Exploring more street lighting. Adelante occupies one of the most important corners in Bird Rock; the project is taking away merchants from the neighborhood. Sets a precedence. Craig's conclusion was that meeting the

LJPDO requirement for ground floor retail space is critical for the survival of Bird Rock merchants.

Tyler Wilkinson: Life long Bird Rock resident supports project.

Joe Terry: Speaking on behalf of Bird Rock Council opposes approval of this project and requested the LJCPA delay its recommendation to the City until it can make well informed decisions on compliance issues including whether the project is entitled to the affordable housing awards that are claimed. Mr. Terry reiterated many of the comments and concerns above.

Applicant Russ Murfey [Murfey Company]: Density Bonus meets the provisions of the Land Use Code.

Joe Terry: Main concern is approval without required amount of retail space puts Bird Rock at risk by decreasing incentives for commercial prop owners to upgrade their buildings to attract and retain viable tenants and will increase incentive to replace their buildings with Adelante-like developments without retail space. Over time will significantly reduce retail space in Bird Rock. Request that decision to approve the project be delayed.

Jodi Rudick: What is the current retail vacancy rate in Bird Rock?

Applicant Russ Murfey [Murfey Company]: 22 Vacant units

Jodi Rudick: When was the last time La Jolla Planned District Ordinance (PDO) was updated or reviewed.

Deborah Marengo: Originally PDO document was 1986

Jodi Rudick: Why did you make the decision not to put retail on the first level?

Applicant Russ Murfey [Murfey Company]: Doesn't make sense, already too much retail. Current banking crisis, getting a project financed is near to impossible and when retail is added banks won't touch it. This project is representative of the current market.

Jodi Rudick: Is there precedence in La Jolla where retail was waived.

Applicant Russ Murfey [Murfey Company]: Yes. Approved by LJCPA Corner of Gravilla/Ia Jolla blvd. and others.

Bob Steck: Asked Brian Will [DPR, Chair] why this project was approved and why it meets all these rules that are being opposed.

Brian Will [DPR]: Density bonus was confirmed to be correctly calculated, incentive system is built into SDMC but doesn't bleed over into the community plan. Opinion is: Plans create codes, codes are the execution of the Plan. Incentives allow you to waive certain parts of the code and the fact that they don't verbally tie that back to the community plan is more "ticky tac" than he is willing to go. SDMC is clear and you can use these incentives to waive certain aspects of the code and this has been the case at the City for years.

Larry Davidson: Asked email/letter from San Diego Housing Commission be read "*In general the density bonus assumptions and calculations you shared below are correct.....*". Bothered by this statement, it sounds very vague.

Glen Rasmussen: Personally feel don't need more retail in Bird Rock but want to be sure the correct law is applied to this project and is highly in doubt.

Motion to Approve Project: [Will/Baracchini]

Vote Count: [YES] Ahern, Baracchini, Fremdling, Kane, Kreideman, Rasmussen, Rudick, Weissman, Will, Williams. [NO] Davidson, Steck, Terry [Abstain] Bubbins

*DPR 3/21: findings **CANNOT** be made, 5-1-1*

Andy Michelletti [Secretary of Muirlands Point Declarations and Prescriptions Committee]:

Request to deny project.

Brain Will: Very large project, immediate neighbor had privacy concerns, majority of homes are low rambling roof style and this design is not consistent with the neighborhood.

Diane Kane: Agenda says this project was already denied by DPR. The dilemma that this project presents, It complies with the code but the reasons to not recommend it are based on the subjective measures described in the Community Plan. The City usually does not recognize Community Plan (Community character) objections.

Motion to support DPR decision: [Rudick/Baracchini]

Vote Count: [YES] Ahern, Baracchini, Davidson, Fremdling, Kane, Kreideman, Rasmussen, Rudick, Steck, Terry, Weissman, Williams. [NO] Will [Abstain] Bubbins

*DPR 3/21: findings **CAN** be made, 6-0-1*

Motion passed unanimously 13-0-1

Claude Anthony Marengo [Applicant]: Public has the right to have items pulled from the consent agenda but would be nice to know who is pulling an item and why. Applicants need to be able to prepare to address reasons why the project has been pulled from the Consent Agenda. Why should an applicant give a full presentation if the specific issues have not been stated. DPR (sub-committee) already reviewed the entire project. Pulled items up for review should address specific reasons for the project being pulled.

Voice Vote: 12-3-1 Motion Carries. **Yea:** Ahern, Brady, Costello, Davidson, Fremdling, Hostomska, Rasmussen, Rudick, Shannon, Terry, Weissman, Will **Nay:** Baracchini, Boyden, Jackson **Abstain:** Steck

Glen Rasmussen: What's the impact of an appeal on LJCPA

Diane Kane: No financial impact. Need to attend in person downtown and the possibility of prevailing is slim. If a committee could not make findings to support and their recommendation to deny the project and LJCPA supports the denial, it was on the committee to develop the argument of why they did not approve the project and present that information at the hearing rather than having the president do it.

Brian Will: Valid reason to fight this project due to SDMC violations.

Phil Merten: Value in pointing out to the Planning Commission where City staff make erroneous decisions and approves projects.
