

Chas. Dye, Resident

I live in the village and walk throughout it daily; I'm the guy with the yellow belt. I am very familiar with the changes and the constants, especially in the village. I strive to contribute to our community. For example, I'm a donor and docent for Coast Walk Trail, I've just completed to approval process to serve as a History Room docent at Riford Library, I'm very active in the La Jolla Village Merchants Association, and I organize hikes and monthly events for the La Jolla Newcomers Club.

La Jolla's beauty and cohesion are very important to me. As somebody who walks over 12 miles/day, I'm especially focused on traffic hazards as well as street and sidewalk maintenance and repair. I'm very aware of many dangerous conditions, and would like to alleviate them and avoid the introduction of new ones. In addition, I'd like to advocate for village merchants who face parking issues and other obstacles.

In general, I genuinely believe it is my responsibility to give back to my wonderful community, and I'm constantly looking for opportunities to do so.

Thanks for reading.

Respectfully,  
Chas. Dye
