Project Description: The project proposal combines three parcels (APN 346-250-08-00, APN 346-250-09-00, and APN 346-250-10-00) into a single lot. The intention is to subdivide this lot into six parcels, each for constructing a single dwelling unit with shared access to Calle del Cielo. The project also involves the demolition of a 5,958.5-square-foot single-family residence and attached garage at [8303 La Jolla Shores Drive](#). A private road will be constructed to serve six single-family homes, each ranging from 11,729 square feet to 16,270 square feet, along with garages and pool/spa facilities.

The 4.45-acre site is situated at [8303 La Jolla Shores Drive](#) in the La Jolla Shores Planned District Single Family Zone, Coastal Overlay Zone (Non-Appealable Area 2), Coastal Height Limit Overlay Zone, and Coastal Parking Impact Overlay Zone, all falling within the La Jolla Community Plan. The project involves three main processes:

1. Process 4 - Tentative Map for creating the six parcels, per San Diego Municipal Code (SDMC) Section 125.0430.
2. Process 3 – Site Development Permit for developing a major project in the La Jolla Shores Planned District, according to SDMC Section 1510.0201(d).
3. Process 2 - Coastal Development Permit for the increase in density and demolition of an existing single dwelling unit, as per SDMC Section 126.0707(a)
