

My name is Kevin; I am a La Jolla resident, looking to spend more time engaging and improving the community I've come to love and call home. La Jolla is a unique part of San Diego with its beaches, bike path, and nature, intertwined with residents and local businesses that make La Jolla a great place for both residents and tourists alike. I want to ensure that La Jolla's natural beauty is well taken care of for future generations to come. I want to ensure that La Jolla can grow sustainably within these bounds.

I work at a youth-based nonprofit where I advocate for issues facing younger generations, like climate, safety, and public transportation. I think it is also important to allow for younger voices on the board to have a more diverse range of community voices in the La Jolla Community Planning Association.

If elected to the board of trustees, I also want to play an active role in road safety, to work on traffic calming measures around school and high foot traffic areas, to minimize the number of car fatalities and injuries.
